nüvi® key features

with more than 1500 junctions!!

Real View Advanced Lane Guidance

This feature realistically displays road signs and junctions on your route along with arrows in the appropriate lanes for easy navigation. With more than 1500 junctions, the junction view provides clear direction while close to the complex junctions so that you won't miss any important exits.

Live traffic avoidance!!

TMC (Optional traffic alerts)

Real-time traffic message channel which depicts and identifies problem areas on its moving map display. This feature requires optional GTM 25 real-time traffic receiver, now only available in Singapore with Tele Atlas Map and compatible with nüvi® 1250 Sg/My, nüvi® 1350 Sg/My and nüvi® 1460 Sg/My.

Save money on fuel with ecoRoute!!

ecoroute by Garmin

To help drivers adapt to better driving habits. Through ecoRoute's fuel report and mileage report, drivers can focus on their fuel conservation and find fuel-saving tips along the way.

Dual Maps Preloaded !!

The localised nüvi models are preloaded with detailed maps from Tele Atlas and Malsing maps, allowing you to travel between Singapore and Malaysia more conveniently. Point of interest provides the nearest restaurant, gas station, shopping mall and more from your current location.
